

The YES Campaign Awarded Project by Levi Strauss Foundation

The YES Campaign has received funding from the Levi Strauss Foundation (LSF) to retrain 950 workers in two cities in Mexico – Piedras Negras and Gomez Palacio. The training will focus on job preparedness, self-employment and enterprise development. YES will be working with its Mexican partner, Fundacion E to implement the project. The YES Campaign hopes to expand the partnership with LSF to other parts of the region.
